Dear Bill:

It was very thoughtful for you to send me a new year message. I am glad that you are thriving and hope you will continue to do so. All of us have had a financial deterioration.

I am working on a new project relating to the Virginia halfpence due to a friend finding some new records, but it is not of major importance and is on a back burner.

My work in 2008 was rather extensive. I wrote a book on the FUGIO copper coinage of 1787 which was published last March and with the help of others added a lot of new material to the pamphlet on the subject I had written in 1949 and 1952.

I finished after years of work and had published the 5th edition of THE EARLY PAPER MONEY OF AMERICA.

You may know that I operate a Money Museum on the campus of Washington University in St. Louis and I keep most of my numismatic library there. That enables me to reach the public as a reciprocation for all that others have done for me.

You certainly have given me in the past much more publicity than I deserve and I thank you again for it.

I have 6 great grandchildren now so I have plenty to keep me in mischief. Eric

Hello, Eric: I hope this greeting finds you in good health. It has been a long time since we have corresponded. Although the economy is a real mess, I've been able to stay afloat. Doing o.k. Please reply when you can and tell me if your books are finished.

Take care. Regards, Bill Veach (01-02-09)
